

Impact Statement

In 1980, the Bet Shalom founding families planted the seeds that have become the warm, welcoming Jewish community that Bet Shalom is today. We are all unified in cherishing the Reform Jewish values and the haimish character that makes Bet Shalom the unique congregation that it is. We are a place of family and friends...where you feel a sense of belonging...where adults and children will learn together...and understand other lifestyles and values...a place of involvement from the rituals on the bimah to the dishes in the kitchen...a place where we laugh, cry, love and grieve as we practice our Judaism tougher.

Our founding families demonstrated the courage to act, and they did so selflessly, knowing that their work would largely benefit the many others who would follow and enjoy the fruits of their labor. In this same spirit, our endowment campaign, Etz Chaim, provides each of us the opportunity to become one of the founding families of Bet Shalom's future. With the courage to act, Legacy donors such as you, can help ensure that Bet Shalom continues to thrive for our families and future members, and that it remains a pillar of our local Jewish community.

Please join us in making a legacy commitment today!
