

IMPACT STATEMENT

***Sholom/Shalom* is understood around the world to mean “peace” or a greeting bidding “hello” or “farewell.” But, *Sholom* means more than simply peace; it is a complete peace—a feeling of contentment, completeness, wholeness, well-being and harmony. Wouldn’t you agree *Everyone Deserves Sholom*.**

- *At Sholom*, growing old is something we celebrate and embrace. We live in a culture that too often views the elderly as “past their prime” with nothing left to contribute to family, friends or community, but not at Sholom.
- *At Sholom*, every day we are reminded that with age, comes experience, wisdom and knowledge. We understand that one’s desire to actively engage in life doesn’t diminish just because our bodies get old.
- *At Sholom*, we know that the individuals we serve have a full range of emotional, spiritual, social, psychological and physical needs. We are committed to providing these individuals with a life-enriching environment that addresses these needs.
- *At Sholom*, we heal, we restore, we provide dignity. We bring our elderly together in an interactive Jewish environment rich with opportunities for creativity, learning, and sharing their knowledge with others; all of which promote brain health, self-respect and joy.
- *At Sholom*, we hold hands with our elderly, we hug them with warmth and respect, we sing together, celebrate together, learn together, pray together, even mourn together. We are a *family of families*.
- *At Sholom*, we give peace of mind to family and friends, knowing that their loved ones are cared for, safe, and at home in their new home—a life-affirming community to enjoy every day of their lives.

Please ensure that Sholom can continue to serve our Jewish Community and beyond for generations to come.
